

ORIGINAL SPIRITUAL LEADERS' STATEMENT

Love for and respect of one's fellow human beings are perhaps the most prominent and universal core values of the many spiritual and religious traditions that have ever existed. While sometimes differing markedly in many other ways, spiritual and religious persons and groups can at least agree with this tenet: "We have a deep and abiding obligation to love and respect others." Indeed, not treating others respectfully or as we would want to be treated is seen by the various faith traditions as moral failure.

As leaders representing a wide variety of spiritual expression in the State of Delaware, we strongly support the full civil rights of lesbian, gay and bisexual persons and see such support as being very consistent with our shared belief.
